### **ARTICLE 5 - GRIEVANCE AND ARBITRATION**

5.1 The purpose of this article is to provide an orderly procedure for the prompt resolution of a claimed grievance at the lowest level. A grievance is a complaint that there has been a violation, misinterpretation or misapplication of any of the specific provisions of this Agreement.

5.2 Any dispute arising out of the application, interpretation or alleged violation of a specific term or terms of this Agreement shall be resolved by the parties as follows:

- Step 1: Within seven (7) days of the occurrence giving rise to the dispute or within seven (7) days of when the employee knew or should have known of the occurrence giving rise to the dispute, the employee ("grievant") shall attempt to resolve the grievance informally by requesting a meeting with her/his immediate supervisor to discuss the matter. The meeting shall take place as soon as practicable. The immediate supervisor will answer the grievance orally within seven (7) days of its presentation.
- Step 2: If the grievance is not resolved in Step 1, the grievant may proceed by reducing the grievance to writing and submitting it to the appropriate Department Head within seven (7) days after receipt of the immediate supervisor's oral answer. The written grievance shall state the relevant facts upon which it is based, the section(s) of this Agreement alleged to have been violated, and the relief sought. The Department Head will provide a written answer to the employee within seven (7) days after receipt of the written grievance. If the supervisor and Department Head are the same person, the grievant shall advance from Step 1 to Step 3.
- Step 3: If the grievance is not resolved in Step 2, the grievant shall have the right to submit the grievance to the Director of Nursing within ten (10) days of receipt of the answer in Step 2. The Director of Nursing will provide a written answer to the grievant within ten (10) days of receipt of the written grievance.

Step 4: If the dispute is not resolved in Step 3, the grievant shall have the right to submit the written grievance to the Administrator within ten (10) days of receipt of the answer in Step 3. The Administrator will provide a written answer to the grievant within ten (10) days of receipt of the written grievance.

Step 5: If the grievance is not resolved in Step 4, the grievant, with the Association's consent, may submit the grievance to a mutually agreed upon Arbitrator within ten (10) days of receipt of the Administrator's answer.

5.3 Any grievance involving a group of employees covered by this Agreement shall constitute a group grievance and the procedure shall begin with Step 3. In such cases, the written grievance will need to be submitted by the grievant and/or the Association within fifteen (15) days of the occurrence giving rise to the dispute or when all the grievants knew or should have known of the occurrence giving rise to dispute. The Administration shall have fifteen(15) days from the receipt of a group grievance to submit a written decision.

5.4 In the event the grievant requests arbitration, the parties shall attempt to agree upon a neutral arbitrator. If the parties cannot agree upon an arbitrator within fourteen (14) days following receipt of the request for arbitration, they shall jointly request the Iowa Public Employment Relations Board to submit a panel of seven (7) arbitrators who have arbitration experience appropriate to the issue in dispute. The parties shall alternatively strike the names of arbitrators on the panel until one (1) remains. This person shall be the designated arbitrator.

5.5 The arbitrator shall have no authority to amend, modify, nullify, ignore, add to or subtract from the express provisions of this Agreement. The arbitrator shall confine her/his decision to a determination based on the evidence presented at the arbitration hearing. Within that authority, the decision of the arbitrator shall be in writing and shall be final and binding on the Hospital, the Unit and the employee(s).

5.6 The expenses of the arbitrator and the expenses incidental to the arbitration hearing shall be shared equally by the Hospital and the Unit or Association; however, each party shall be responsible for the expense of its own attorney and any other representative participating in the arbitration.

5.7 In any discussion or meeting under this Article, the employee shall have the right to attend and to have a Unit representative and a representative of the Association present, but such presence shall not be required. The employee and Unit representative will not suffer the loss of wages as a result of attendance at these meetings.

5.8 Failure of the grievant to act on any grievance within the prescribed time limits shall constitute a permanent waiver and bar such grievance from further consideration. The failure of the immediate supervisor, Department Head, Director of Nursing or Administrator to give an answer within the time limits shall permit the grievant to proceed to the next step. All time limits

set forth in this Article may be extended by mutual agreement of the Hospital and the grievant and/or Unit.

## **ARTICLE 6 - HOURS OF WORK & OVERTIME**

### **6.1 Work and Overtime**

An employee on a forty (40) hour work week shall be paid at a rate of one and one-half times the employee's actual regular rate, including differentials, if applicable, for hours worked in excess of forty (40) per work week. Any PTO hours paid shall not be included in calculating hours worked for purposes of determining overtime. For purposes of PTO pay and seniority, salaried employees shall be deemed to work a 2080 hour year. Salaried employees shall not be paid overtime, wage differentials, on-call pay or call back pay.

### **6.2 Definition of Work Day**

The work day for any employee is defined as a twenty-four (24) hour period beginning at the start of the employee's assigned shift. Employees assigned to a rotating shift shall have their work day defined as 0001 to 2400 hours.

#### **6.3B Posting Schedules**

#### **6.3C Scheduled Time Off**

Except when required to ensure continuous patient care and excluding on-call time, employees will receive a minimum of four (4) days off in each bi-weekly pay period. Employees

shall not be routinely required to report to work unless they have been off duty for at least seven and one half (7 1/2) hours. An employee required to rotate to the 2300 to 0700 shift for two (2) or more consecutive shifts shall be scheduled so as to provide at least twenty-four (24) hours off after the last shift worked.

The Hospital will schedule employees to provide necessary time for rest and meal periods. Employees shall have an uninterrupted thirty (30) minute unpaid mealtime for each shift of eight hours or more. In the event an employee is unable to be absent from duty for such mealtime, the employee will be paid at his/her applicable rate, including differentials, if applicable, for the mealtime worked.

One fifteen (15) minute break shall be provided if possible for each four (4) hour period of work time. Break time shall be counted as work time. Unused break time cannot be used to extend any or all breaks or used to leave early at the end of the work shift. Personnel working the 2300-0730 shift may order a meal from the posted café menu with 24 hour notice.

#### 6.5 Weekend Pay

When necessary to maintain adequate staffing in departments in which employees are regularly scheduled to work seven (7) days per week and twenty-four (24) hours per day, the Hospital reserves the right to assign an employee to a second consecutive weekend, attempting to assure two (2) weekends off in four (4). If the employee is required to work an extra weekend or an extra weekend shift, beyond the regularly scheduled two (2) of four (4), the Hospital will compensate the employee at one and one-half times the employee's actual regular hourly rate, including differentials, if applicable, for time actually worked on a weekend in excess of two (2) in such four (4) week period.

#### 6.6 Additional Overtime Provisions

If an employee commits to working an entire second consecutive shift of eight (8) hours, but does not work the full eight (8) hour shift, the employee shall be paid at the rate of time and one-half the employee's regular rate of pay, including differentials, if applicable, for each hour of work completed on the second consecutive shift.

#### 6.7 Low Census Days

The Hospital reserves the right to adjust staffing in relationship to patient census. On days of low patient census, the Hospital may offer employees the opportunity to volunteer to use accrued PTO. If a voluntary agreement cannot be reached, the Hospital will attempt to observe

the following guidelines in the reduction in employee's hours.

- a. The Hospital will make a reasonable effort to equalize reduced hours among regular employees.
- b. When the amount of normally scheduled hours of a full-time or regular part-time employee are cut back by the Hospital due to reduction in patient census, the employee shall have the option of taking an accrued PTO day rather than a day without pay.

- d. The Hospital will attempt to reduce the hours of employees in the following order:
  1. temporary employees
  2. probationary employees, then
  3. regular employees.
- e. An employee's employment status, seniority and benefits shall not be affected by a reduction in hours.

#### 6.8 Required Meetings

Time actually spent by employees at required meetings shall be considered working time. Required in-service meetings will be videotaped to be shown at times convenient to all shifts.

#### 6.9 Day Off Premium Pay

Full-time employees who are requested by the Hospital to work any hours on their regularly scheduled day off shall receive an additional \$3.00 per hour for each hour worked.

#### 6.10 Weekend Package

The Hospital and employees may mutually agree upon an alternative weekend work schedule. Work schedules established pursuant to the provisions of this Article shall be subject to the following conditions:
